AVerVision M15-13M

Mechanical Arm Visualizer (Document Camera)

We Advance Education

The AVer Document Camera has been the best teaching tool I have ever used. I have no regrets about getting the document camera instead of an interactive white board. The document camera has so many more functions and uses than I ever imagined.

- Broadneck Elementary School, Arnold, Maryland, USA Theresa Brown
3rd Grade Teacher

4K 60FPS — 4K 60fps

13MP — 13 MP

23X — 23X Digital Zoom

A3 — A3 Shooting Area

3yr — 3-Year Warranty

13-Megapixel Camera with 4K Quality

The 13-megapixel camera delivers 4K Ultra HD 60fps output resolution, creating remarkably detailed images of any object. Enjoy breathtaking video with no lag.

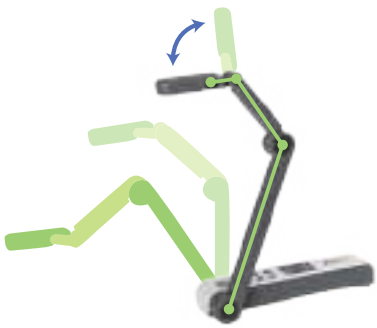
Fantastic USB Camera for Distance Learning

The M15-13M's extremely compact and lightweight design makes it the best USB camera for boundary-free distance learning.

EXPLORE **THE CREATIVITY** OF TEACHING

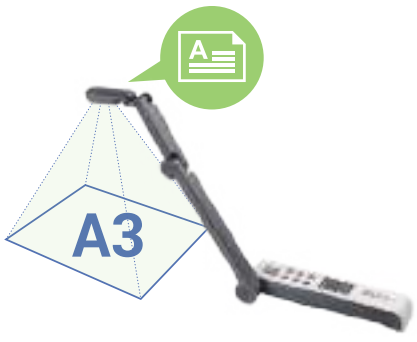
Highly Flexible Foldable Arm

The flexible and adjustable arm allows teachers to show materials from many different angles. Also, the M15-13M's arm conveniently folds shut so teachers can easily carry it anywhere.



A3 Shooting Area

A large shooting area enables users to capture A3 or bigger papers. Also, never worry about upside-down images again. Thanks to the position indicator on the camera head, teachers can always rock an accurate and efficient display.



USB & HDMI Connections

Changing teaching behavior should be the least of your concerns. Teachers can visualize materials from multiple devices via the USB and HDMI connections they're accustomed to using.

with the M15-13M, you can display...

- Film slides / Filmstrips
- Real-time movements
- Documents
- 3D objects
- X-rays

INPUT

OUTPUT

show images to your audience through...

- Interactive flat panel
- TV monitor
- Projection screen
- Digital monitor
